WWW.CHRIS CRAFT STINGERS.COM Newsletter, February, 2012

Welcome to the February, 2012 newsletter!

Welcome to the February 2012 newsletter. I would have thought activity on the website would have slowed down during the winter months, but more and more people are contacting me about their Stingers – either with questions or requests to add their Stinger to the registry. It's been fun talking to people about their boats and learning more about the history of the Stingers.

Please note that the forums section of the website is a great resource. There are separate boards for asking questions about Stingers, as well as boards for parts wanted/for sale and Stingers for sale. And, in particular, if you'd like to keep up with the latest Stingers I find, watch the Stingers for Sale forum – whenever I come across a Stinger for sale, whether or not it's the first time it's been listed, I post to the forum.

In addition to being a great resource, signing up for the forums adds your email to the newsletter mailing list.

The number of Stingers in the registry is now up to 445. The

number has been leveling off for the past couple of months – I wonder just how many more Stingers are out there.

“Guilty as Sin” Stolen

While looking for more Stingers to add to the website, I came across a news article regarding the 1985 Chris-Craft Stinger 312 named “Guilty as Sin”. The connectmidmissouri.com news story says the boat was stolen sometime on 1/18/2012 in Boone County, Missouri. The boat is valued at \$26,000.

You can see more pictures of the boat on the galleries page of the website. If you happen to see the boat, please contact CrimeStoppers at 573-875-TIPS. A reward is being offered.

Winter Projects

In the December, 2011 newsletter, I described various Stingers that had sad stories – either caused from neglect or from natural disasters. I'd like to focus in the next couple of newsletters on a happier subject – Stingers that are currently being saved through the time and effort of their owners.

When I think about all of the Stingers I've documented, one that sticks in my head is the Stinger named M-61. M-61 is a 1986 Stinger 260 being completely restored by its current owner.

As with a lot of Stinger owners, the owner of M-61 got started early with Chris-Craft boats – his father owned

a Scorpion 210. The memories of that boat, plus growing up in Miami in the 1970s – 1980s gave the owner an appreciation of the Stingers.

M-61 was bought in Ohio and transported to Miami where it was stripped down and the structure checked.

The structure turned out to be sound and the restoration began. The owner's goal in the restoration was to keep the timeless design of the Stingers but with a twist – create a version of the boat as if Chris-Craft was selling it today.

I believe the owner has succeeded in this goal. What struck me about the paint job was how it both captured the original theme of the Stingers, but also updated it. Up until I saw M-61, I was big on seeing Stingers restored to their original condition as delivered by the factory – but M-61 changed my thinking. It's a beautiful work in progress. If you have the time, go on over to the galleries page on the website and check it out.

Looking for a Project Boat?

One of the goals I've set for the website is to preserve any remaining Stingers. In running the website, I've occasionally come

across boats that are being given away by their owners – to a good home of course! I've come across one such boat – the boat is a 1988 Stinger 375 named "Raider".

While this boat is being given away for free, there is a lot of serious work to be done on it. If you are up to the challenge, however, please let me know and I will put you in touch with the owner. You can, of course, see more pictures of the boat on the website.

That's it for this month's newsletter. As always, if you have any info on any Stingers, please feel free to contact me.

This is a 1988 Chris Craft stinger. It has the original OMC 4.6L V6. It has about 820hrs. It is in good condition, it had a tune up at the end of the season to tighten up some belts, etc. These pictures are old, but the boat is currently winterized, so I can't get any current ones. You would not believe the attention you get for this boat. In addition to being bright red, it is a Chris Craft, these boats are instant classics and extremely well built. The Stinger line is famous because the original pilot of Miami Vice featured the 39' version of this boat. I have to sell because I'm looking at business school, and I won't have time for the toys. I have a great arrangement for moorage in lake Washington as well, in a marina, on a boat lift, for \$225/month. We can talk about transferring the lease.
