

## CHRIS-CRAFT STINGERS

### Welcome to the February, 2014 Newsletter!

Welcome to the February, 2014 newsletter. Seems winter is never-ending up here in the Midwest. With weekly snow storms and dips below 0° it feels like the boating season is a long way away. But it's coming, and as it does activity on the website increases.

This past month, new parts have been added to the parts page including new panels and a plexiglass gauge cover. In addition to adding new parts, 8 Stingers have been added to the registry bringing the total to 660.

One of the Stingers added to the registry comes from an old newspaper article from the Netherlands. The article detailed how the Stinger, a 260 model, was stolen and inadvertently run up onto shore. The couple that stole the boat were eventually apprehended. You can see a picture of the boat on land by clicking on the following link: <http://chriscraftstingers.com/gallerypage.php?gallerydir=Trasko%20260>.

Until next month,  
Han

### Exact Build Date

In past newsletters, I've detailed how you could use the hull number for your boat to determine the month and year your boat was built. But if you wanted to know the exact build date of your Stinger, you would

be out of luck unless you had the original documentation for your boat. Or, that's what I thought until this past month.

One of the reasons for building the website was to preserve the history of the Stingers. I believe one way of preserving that history is stocking original parts for Stingers in order to help owners restore their boats. From time-to-time I'm able to buy parts and then list them for sale. This past month, I was lucky enough to purchase a good number of parts from a 1984 260, including some panels. I was surprised by what I saw on the back of some of the panels:

There was a green sticker with a date on the back of the panels – in this case 4-18-84. The hull number for this particular boat indicated that it was built in April of 1984, which matches up with what is on the sticker. Of course, this date could just be the date the panel itself was built (although the other panels have stickers with the same date on them). But, if not the exact build date of the boat, I believe it to be very close to it.

Another interesting thing about the stickers is the writing above and below the date. Above the date seems to be a person's signature – perhaps someone who quality checked the item. And below the date is a number. This number is different on each of the panels. So, for the panel in the picture, it is number 5, but one of the other panels is number 6. My assumption is that each panel was numbered to indicate where it was to be placed on the boat.

So are you interested in knowing the build date of your boat? Check for the little green stickers on the back of your panels!

## Stingers for Sale

Below is a list of Stingers that have come up for sale during the previous month. The information for each boat in this section accompanied the owner's original advertisement. **Model: 1987 390**  
**Location: Hilton Head Island, SC**  
**Asking Price: \$89,500**

1987 Chris Craft Stinger 42ft. Mercruiser twin 496 engines, Myco trailer, deck awning, head, 3 batteries and fiberglass hull. We purchased the boat as a hull then totally restored it about 10 years ago. About 6 years ago we installed two new 496 magnum merc cruiser engines with currently about 200 miles. We rewired the entire boat about 3 years ago. This season we replaced the manifolds So the boat has been maintained and is in good working order I would characterize the finishes of the boat as "worn around the edges" but as hinges and snaps corrode we replace them The boat has a working head & shower Galley/ microwave/ref/sink TV stereo/cd/sat system/ ipod dock deck compass GPS

**Model: 1988 202**  
**Location: Rochester, NY**  
**Asking Price: \$8,000**

I have a super rare 88' chris craft stinger 202 for sale. It has 165 hours on the hull. This boat is like brand new. I literally just finished it. This is the coolest fiberglass speed boat that Chris Craft ever made and was made for the Miami Vice tv series. They were built in very limited quantities and there are only a handful of these left. There is a website dedicated to them, I know of no other boats that have a cult following. I built this one to be better than it was originally. It is an attention grabber. I get compliments on it wherever I am and have had numerous offers on it even before I restored it. I'm selling it because I'm getting married and need the money. I just put well over \$7500 into it this summer alone and have well over 12K into it total. I had planned on using it but sadly it needs to go. Weddings are insanely expensive and I'm finding out the hard way. I replaced the motor and outdrive. It has an OMC 4.3L v-6 and an OMC cobra outdrive. Next, I gutted the boat completely and installed new marine ply, fiberglass, carpet, custom built seats and engine cover and had everything professionally upholstered. I installed a new GT steering wheel, a Sony marine cd/mp3/satellite radio which sounds awesome, a new bilge pump, new fuel lines, new aluminum swivel/slider/adjustable height seat posts and new Tracker style folding seats. The interior work cost over \$4K alone but was well worth it. It came out awesome. I had a 4bbl. Rochester carb installed which brings the HP up to 205 and will do over 60MPH. I had the pin striping re-done on the boat and matching Shorelandr trailer. I replaced the tires, lights, and started to strip and repaint the entire trailer. It also has a new deep cycle battery. There are 2 swim platforms molded into the stern that have teak foot boards and they were also refinished and look great. I also just purchased a new trailerable cover for it. I even just filled the tank with ethanol free 93 octane fuel. I'm probably forgetting a lot. If you're interested you must include the words eighty-eight chris craft to get a response due to spammers. I know it's the wrong time of the year to sell a boat and I could get more for it this spring which is why I priced it where it is. It is well worth the money. Chris craft builds the very best boats around and this one is better than new.

**Model: 1988 260**  
**Location: Rocky Mount, MO**  
**Asking Price: \$11,500**

This is a 1988 Chris Craft Stinger 260. It has twin 260hp 350 cid small blocks with mercruiser Alpha ones. The boat was painted by Vincent custom paint several years back and has a custom fairing. The boat runs and drives great. It has a great sounding stereo with iPod controls wired and wireless remote and 10" sub. The interior is pretty decent with most of it having been redone the interior cabin needs finished. Comes with a 10,000 lb Fiber steel lift. I have owned this boat since 1997 and used it a lot. It is far from perfect but is in ready to use condition. \$11,500 or may trade for muscle car, UTV, diesel truck.

**Model: 1988 260**  
**Location: Virginia Beach, VA**  
**Asking Price: \$10,500**

88 Chris Craft Stinger with 2- 330hpr 350 V8's We have redone all the exterior upholstery and 90% of the interior. New stereo and VHS Port engine has 50 hrs stbd has 300 hrs Remaining issues Stbd engine has a leaking exhaust manifold that needs to be addressed. I am connecting the stereo and VHS before it sells. I have also been reinforcing the swim deck. This boat is well worth the money and leaves plenty of room to make money on this boat if that is your choice. I have all documentation from new and from the original owner. Worth the time to look and see if it's your ticket to the Prop Stop.

Model: 1988 312

Rare 41.5 ft offshore stinger. New 572 super charged engines 700 HP built by Hawk marine inc.. Trs drives. Heat, air condition. newer interior. Camper top. Travel top. Tri axle trailer.

Model: 1987? 222  
Location: Ft Lauderdale, FL  
Asking Price: \$10,000

This Chris Craft Stinger sits on a 24 foot Slip on trailer which comes along with the boat also features a 454 balanced Crane roller motor with Zero hours. The 454 motor is fitted with freshly machined square Port heads with new large heavy duty valves, valve guides and triple Crane springs to properly match the specs and set-up of the Crane roller cam and Crane roller lifters. Heavy duty push-rods, a brand new scat Crank, new pistons and rings (The good ones) brand new Crane cam \$400, brand new Crane roller lifters \$600, triple Crane springs \$375 Brand new starter, , Brand new 800 CFM Quick Fuel Carburetor \$592, Scorpion Roller Rockers \$300- the good ones! I did all this, put all the good stuff in the motor, so that if I decide to keep the boat, She will perform wonderfully for years to come. On the throttle I have installed a tilt switch so you don't have to look for it while you are running at high speeds to improve ease of driving and safety. The cockpit is very unique in that you can stand up or sit down and this speedster also has a cabin. Looks ten times better than a Donzi and has a cabin the boat was painted with the deepest red Awlgrip paint and Awlgrip clear and I paid an extra \$1000 to have the hull wet-sanded and buffed. The total cost of the paint job was \$7000 and I also installed a new gas tank with a thicker gage aluminum. I have had this beauty since 1992 and am ready for the next toy. I want \$10,000 the way it sits. The motor is almost complete. Once I install the new motor, the price goes to \$12,000 and not a dime less. The outdrive is a specially built Alpha with the gears set very close and the exhaust is 4 inch stainless marine which would cost you over \$3000 to install. Right now I would like to get the money out of it to put toward a newer SL55 which I have a standing deal on. This boat is absolutely gorgeous, it is all the performance, looks and speed you can get for the money. Also had the windscreen re-fabricated with wood and fiberglass, which means that the windscreen is not made of black, brittle plexiglass like the original ones were and have had the hull and deck fiberglass together in the front and the back of the boat, which means this is a heavy duty 222 stinger. this boat has

never been beaten on Biscayne bay by any V-hull boat from 1992 to present only the Skaters have beat me and they don't have cabins and cost a whole lot more not only to buy but to run. twin outboard motors cost twice as much to run when it comes to fuel,By the way, this is how the boat would scrap out: Outdrive \$500, stainless steel prop \$150, boat hull (looks like a red Ferrari Testarosa on the water: \$2500, 454 Roller Motor with zero hours \$6000, slip on aluminum Trailer \$1000, gimble, rams, trim and tilt pump and other hardware \$500. Please no offers, if you can't afford the price go to the next 70-80 mph boat that looks like this with zero hours on the motor. I spent a fortune on this boat and I am not giving it away. This boat is beautiful, it is the most beautiful 22 foot boat ever made. She is a rare beautiful Classic Chris-Craft. The boat will sell for not a dime less than \$10,000 Please do not bother me with any offers below \$10,000.

**Model: 1986 222**  
**Location: Hahira, GA**  
**Asking Price: \$7,000**

I have a boat that I need to get rid of. I hardly ever use it and would like someone to enjoy it. I originally bought the boat back in 2005 and purchased just the hull for \$1k. I rebuilt the boat from front to back from bottom to top. The boat was repainted and graphics were painted on. The boat has a 5.7l mercruiser with a Alpha One Gen II outdrive. The motor came with a point distributor and a coil pack, that was taken out 2 months ago and was replaced with a MSD High Marine Distributor along with new wires and plugs with a Holly Marine Carb. Exhaust is 4" with flappers. Gauges or Livorsi (oil, temp, battery, volt, rpm.) Front seat are stand up bolsters with an actuator to move back and forth that come out of a Donzi and was shipped from Kansas. Everything that I have for the boat will be included and also have a few videos on my phone from this summer if interested. If you have any questions in regards to the boat, feel free to email.

**Model: 1985 312**  
**Location: Colorado Springs, CO**  
**Asking Price: \$5,500**

I am selling my 1985 32' Chris Craft Stinger mid cabin open bow project. I picked it up late 2012 out of lake Havasu Arizona from a custom shop just how you see it. the cabin area is still large enough to sleep a few adults. The conversion was completed before the full resto was started. She comfortably totd 19 people! There are not any outdrives nor gimble housings, but a lot of the hard work has been completed. The stringers, floor and transom have been replaced and/or structurally addressed. The windshield was removed and built up as well with fiberglass. There is some glass work to be finished off on the windshield, but the hull is super straight and structurally sound. Knock off the oxidation, and she's ready to be primered and blocked for a wicked paint scheme. The entire interior is new (hand built, and perfectly stitched to the tune of near 7k), however, there are not any captains chairs and the carpeting will need to be replaced. There are (2) BBC 454 cid short blocks (the rings were redone, but they will need to be disassembled and cleaned before reinstalling), no heads or intake. Only one set of hull thru exhaust, and it's the good stuff. Both the risers and manifolds are made by Gil... Mani's run \$1899, long risers around \$899, even the muffler tips are about \$700 a pair! Comes with a tri-axle aluminum trailer !..New shifter, shifter cables, new wiring harness, new fuel cell, new tires on the trailer, new tilt steering column, huge oil coolers, new gimble housing gaskets..... And Much much more! \$5500 obo. Thank you I do not mean to sound like a negative kronie, nor am I a negative person, however, the trailer is worth \$3000- \$3500 by itself, and plus and plus and plus... I realize its major

but...If your a ball kicker... Kick rocks,... But if your really interested give me a buzz... I WILL make a deal, as I already have a boat on the water. This was going to be, and still can be a one of a kind custom, and one of the hottest vessels on water...
