

**Welcome to the July, 2016 Newsletter!**

It's been a busy month, both personally and for the website. I've had my Stinger 312 out on Lake Michigan twice this summer, and am planning on taking it up to Ludington, Michigan in August for a week-long vacation.

As for the website, there are now 780 Stingers in the registry – that's up 6 from last month. In addition, 3 Stingers have been listed for sale on the website – a 1987 390, a 1987 415 and a 1987 202. See the listings in this newsletter for details.

Until next month,  
Han

**Chris-Craft Excalibur #1?**

When Dick Genth was made president of the Chris-Craft boat division in the late 1970s, he immediately began to make some changes in order to return the division back to profitability. One of the major changes he made was to focus the company on building a line of smaller, sportier boats. His thought was that he could control costs better – smaller boats were

cheaper to build – every ounce of savings would contribute to the profitability of the company.

Genth had experience with

focusing on small sports boats. He also decided that he wanted to produce a line of deep-v offshore boats – which he would eventually race. But Chris-Craft, at the time, didn't have the capacity to build these boats.

producing small sport boats. As president of Thunderbird, and later Wellcraft, he'd produced lines of these boats that helped to significantly increase sales and profitability at both companies.

Genth also was a fan of offshore racing. He'd personally raced boats offshore, and as president Thunderbird he instituted a race team that raced company boats. He felt that racing the boats produced publicity for the company.

It comes as no surprise that at Chris-Craft he'd follow the same plan that had worked well for him at both Thunderbird and Wellcraft. He began to shut down production of Chris-Craft's larger models,

Without the offshore hulls he wanted, Genth decided to turn to a company that had experience and capacity to build the hulls: Excalibur Marine Corporation. In 1979, Chris-Craft entered into a deal with Excalibur's president Bill Farmer – Excalibur would build a 31' (and eventually 39') deep-v offshore hull for Chris-Craft until Chris-Craft could open up a new facility. Once the new facility was opened, Chris-Craft would take over production of the hulls. Excalibur estimated it would build 50 hulls before Chris-Craft's new facility was opened.

Excalibur began building the 31' hulls in two versions – a cuddy version, and a center console version. Eventually the cuddy version would be re-badged as the Stinger 312, and the center console version would be re-badged as the Stinger 311/313s.

Why am I telling this story? Well, in doing some research in the past few

months, I ran across the picture you see on the previous page. The picture is from the 1/7/1979 issue of the Sarasota-Herald Tribune. In this picture is Bill Farmer, president of Excalibur at the time, and Don Able, vice-president. And in the background – an Excalibur built for Chris-Craft. While I can't be sure that this was the first one built for Chris-Craft, its most likely one of the first 50 built. And because the

Excalibur was re-badged the Stinger 312 – it's also a picture of one of the first Stinger 312s ever built.

Eventually, Chris-Craft did open up their new facility in Bradenton, Florida, and started producing Stingers itself.

On the website, I include the Excaliburs in the galleries section as they are an important part of the

history of Stingers. Some of the Excaliburs on the page are Excaliburs built for Chris-Craft – they have Excalibur hull number codes. Others on the page are Excaliburs that Chris-Craft built once it took over production of the boats. If you are interested in seeing pictures of these boats, head on over to the galleries page!

**Model:** 1982 260  
**Location:** Waukegan, IL  
**Asking Price:** \$21,000

For Sale: DIXIE NORMOUS 1982 Chris Craft 260 Stinger Built in 1982 in Bradenton, Florida I purchased this Boat in June 2009. This boat had a scratch and/or a ding here and there yet ran and drove quite well. I'm in my mid 70's and have been a boat person all my life, and I might add that I operated a full service boat company for several years. I'm quite capable of handling any mechanical, wood or fiberglass challenges. I'm retired and I have time on my hands, so I applied myself and brought this boat up to my standards. I also have many friends in the boat business so there's very little I or they can't handle. This boat has twin 260HP, 350cu/in engines with Alpha One outdrives. It has a Teak swim platform as well as a 3 blade stainless props. I repaired the dings and scratches on the hull, prepped then painted the hull. I used the original colors for the base coat then clear coated it. Over the years I made several changes (they're listed below) because I had the ability, time and finances. I've always used Mobil 1 15/50 in the engines along with Merc oil filters. All the parts and upgrades I have used on this boat were from Mercruiser. At present the exterior of this boat is as new as are all the cushions and seats. I never got to the cabin which could use some updating. Upgrades and Enhancements that I have done to this boat. Paint entire exterior using original colors. 2010 Recovered and replaced the foam in all cushions and seats 2010 Installed remote oil filter up grade (for easy access.) 2010 Installed new exhaust manifolds & risers (center type risers.) 2011 Installed through the transom exhaust system (using 4" polished stainless) 2011 Complete ignition upgrade to Thunderbolt IV 2011 All new shift and throttle cables 2012 New Quicksilver controls 2012 Install onboard marine battery charger 2013 Install new trim and tilt sensors 2013 Complete Drive service on both drives 2014 Rebuild both Carbs. 2014 Installed new pedestals on front seats Added batteries (boat now has 4 batteries.) Installed battery quick disconnect switches Installed crossover switches for emergency starting

**Model:** 1982 312  
**Location:** Monroe, MI  
**Asking Price:** \$13,500

1982 312 Chris Craft Stinger, twin 454's 330hp each, trs drives. Boat's in decent shape, we put about 4K in the engines in 2011, all new gaskets, hardware, cast aluminum headers, exhaust tips, valve job. Gages are liquid filled about 5 years old. Trailer is aluminum I-Beam, all stainless hardware and disc brakes. The main problem is the gas tank developed a slow leak and needs to be repaired. It's a 150 gallon under the deck tank. Distributors have Pertronix electronic ignitions installed.

**Model:** 1984 390  
**Location:** La Mirada, CA  
**Asking Price:** \$49,500

Likely the finest original 1984 Stinger 390X in existence, particularly in the rare factory beige/brown/yellow/orange color scheme. Continues to have original hardware, colors, graphics, stereo, refrigerator, gauges, outdrives, engines, and MYCO trailer. Engines rebuilt Fall 2014, only 20 hours operation since. Trailer improved with disc brakes (were drum), new springs, master cylinder hitch assembly, tongue jack, line lock for backing, chains and more. Cabin now has Teak floor and brushed stainless fridge door. Cockpit updated with amplifier, Rockford-Fosgate speakers, stainless counter/sink top, Teak floor and trim, new upholstery, new gauge bezels and powder coated surrounds and more. Engines extremely well cared for and start/run well. Outdrives received new bellows and carrier bearings Fall 2014 as well. Fresh cockpit, deck and bottom Awlgrip Awlcraft 2000 paint with professionally applied silicone anti-skid finish. Most of this boat's life was in Portland, Oregon in fresh waters of the Columbia River. Always high-and-dry or trailered. Currently in Southern California. This boat is a joy to own/operate, and particularly rewarding when answering to compliments, questions and admiration where ever you take it! Mionli Vice is truly an important part of American boating history, that is gaining value and more notoriety every day. It can be yours!

**Model: 1985 260**  
**Location: Knoxville, TN**  
**Asking Price: \$18,000**

Here is your chance to own one of the most legendary boats in the history of offshore. This is the 26' version of the Chris Craft Stinger. This particular model is the 260 SL limited. This features upgraded graphics and interior treatments as well as the iconic radar arch. This boat was repowered with completely rebuilt 1994 Mercruiser 5.7 (350) EFI engines in 2005. Get the look and performance of the classic twin engine V-8 offshore boat with the efficiency and reliability of modern electronic fuel injection (throttle body fuel injection for you techies). Sorry, no accurate reading on the hour meters, but again the engines were completely (Crank, pistons, heads, etc...) rebuilt in 2005. This boat fires up every time, gives great performance, with a smooth ride that most new boats can't match.

**Model: 1985 314**  
**Location: St Marks, FL**  
**Asking Price: \$18,000**

1985 Chris-Craft Stinger 314 S. Twin Yamaha 225's with 500 hrs. Just completed 100 hr maintenance. Includes Garmin GPSMAP 720s, Clarion AM/FM/CD Stereo, Uniden VHF marine radio with new antenna, full canvas boat cover, trim tabs, fuel management system, new Carling rocker switch panel. Classic boat in great shape!

**Model: 1986 222**  
**Location: Powhatan, VA**  
**Asking Price: \$8,000**

1986 Stinger 222, boat is in very good condition. Chevrolet 350 Cu.in. rebuilt in 2014 has low hours. New bellows, trim senders and Gimbal bearing fall 2015. Rebuilt trailer 2015, new brake system, wheel bearings, lights and tires. Two stainless steel Props (Mirage and Chopper). Boat is dry stored now.

**Model: 1986 260**  
**Location: Knoxville, TN**  
**Asking Price: \$7,500**

This is a rock-solid all fiberglass 1986 26' Chris Craft Stinger LTD with a great trailer! It is a bit of a project, but not an insurmountable one. This boat features twin 260 hp Mercruisers with outdrives, drop down bolsters, power trim tabs, V-berths, a radar arch (not installed in the pictures but I have it), and a nice built-in swim platform. The boat was on a lift and swamped in a storm a few years ago, so the engines were removed and completely rebuilt by a professional mechanic. It has all new exhaust manifolds. The engines and drives now need to be reinstalled, but the motors have zero hours on them. The upholstery is original and complete, but is weathered. The carpet in the interior needs to be replaced. The hull needs to be polished, but, like I said, it is very solid with no soft spots in the flooring at all. The trailer is a galvanized Wesco tandem axle with brakes on both axles. This trailer is heavy duty and makes other boat trailers look like toys! The trailer itself is worth at least \$5000. I know, because I looked for one endlessly until I found this one! This is great looking, solid boat that is the perfect size for our area lakes. With a little work you can have something special for a bargain price. It has been stored inside my garage for several years which is why it is so dusty in the pictures. It is now stored under cover on its trailer. I will consider all trades, especially for old cars and/or motorcycles or later model heavy-duty pickups or vans.

**Model: 1986 312**  
**Location: Indianapolis, IN**  
**Asking Price: \$17,000**

1986 Chris-Craft 312 Stinger. Twin 454 Mercruisers rebuilt to factory 420 specs. TRS drives with new props. Older repaint & upholstery, 1200 watt inverter in cabin with 110 volt outlets, small sink, refrigerator, porta potty. Very roomy cabin that can sleep 5 if needed, 4 very comfortably. Everything works as should in cabin, CD player with 2 speakers in cabin & 2 outside. Road cover, cockpit cover, bimini top. Shore power hook up, a very solid boat for the year. I removed the arch & still have it. Trailer included. I can text or e-mail pics. Motivated seller, make offer.. \$23,000.. OBO.

**Model: 1986 314**

The boat is kept in my house inside well with hoist. The person i purchased it from purchased it in 1992 its been stored inside on its trailer. 2 502 big blocks risers with dual feed holley carbs and custom headers (not the original engines) very clean engine compartment. Fresh complete tune up, wires ,plugs distributor, coils and so on all high performance parts fall of 2015. I will be making a lot more improvements this spring. I don't have any pics of the cabin now but i will get some when its warmer or upon request. Its all in nice condition. Runs and sounds awesome, windy 2 foot chop 62 mph gps. Turn key boat.

**Model:** 1988 202  
**Location:** Rochester, NY  
**Asking Price:** \$8,000

I have a super rare 88' chris craft stinger 202 for sale. It has 165 hours on the hull. This boat is like brand new. I literally just finished it. This is the coolest fiberglass speed boat that Chris Craft ever made and was made for the Miami Vice tv series. They were built in very limited quantities and there are only a handful of these left. There is a website dedicated to them, I know of no other boats that have a cult following. I built this one to be better than it was originally. It is an attention grabber. I get compliments on it wherever I am and have had numerous offers on it even before I restored it. I'm selling it because I'm getting married and need the money. I just put well over \$7500 into it this summer alone and have well over 12K into it total. I had planned on using it but sadly it needs to go. Weddings are insanely expensive and I'm finding out the hard way. I replaced the motor and outdrive. It has an OMC 4.3L v-6 and an OMC cobra outdrive. Next, I gutted the boat completely and installed new marine ply, fiberglass, carpet, custom built seats and engine cover and had everything professionally upholstered. I installed a new GT steering wheel, a Sony marine cd/mp3/satellite radio which sounds awesome, a new bilge pump, new fuel lines, new aluminum swivel/slider/adjustable height seat posts and new Tracker style folding seats. The interior work cost over \$4K alone but was well worth it. It came out awesome. I had a 4bbl. Rochester carb installed which brings the HP up to 205 and will do over 60MPH. I had the pin striping re-done on the boat and matching Shorelandr trailer. I replaced the tires, lights, and started to strip and repaint the entire trailer. It also has a new deep cycle battery. There are 2 swim platforms molded into the stern that have teak foot boards and they were also refinished and look great. I also just purchased a new trailerable cover for it. I even just filled the tank with ethanol free 93 octane fuel. I'm probably forgetting a lot. If you're interested you must include the words eighty-eight chris craft to get a response due to spammers. I know it's the wrong time of the year to sell a boat and I could get more for it this spring which is why I priced it where it is. It is well worth the money. Chris craft builds the very best boats around and this one is better than new.

**Model: 1988 260**  
**Location: Port Washington, WI**  
**Asking Price: \$6,500**

1988 Chris Craft Stinger Project If you like it fast and loud this is the project for you. 26.5 ft Chris Craft Stinger with all the parts to put this back together and get it running are included, except for one gimbal unit and a few small parts. Cockpit will need to be redone. The cabin is in fine shape. It has a swim platform and a radar arch. It does need some tlc and the bottom painted. Tandem axle trailer with surge brakes, can be towed anywhere. The 5.7 Mercruiser engines have been removed to replace the gimbals. Starboard 260 hp motor has been rebuilt three years ago and has less than two hours running time. The port 270 hp motor has been rebuilt a few years back with low hours on it. Both alpha drives with props are included. One gimbal has been purchased and another will be required. The steering system was recently rebuilt with a replacement hydraulic steering cylinder and cable. A bimini top is also included. I have over \$13,000 in this project and have lost interest. This a bargain at \$6,500 Still in storage and will be out April 1

**Model: 1988 260**  
**Location: Kingston, NY**  
**Asking Price: \$4,500**

Boat Hull is pretty clean, Imron paint two years prior to me buying her in 2013 (per previous owner), set up for SBC twins and alpha drives, off- color repaint spot, stbd side above rub rail. DOES NOT INCLUDE ENGINES, but includes drives, bennet tabs, all cables, rigging and harnesses in place. has drop down bolsters with adjustable headrests, but the upholstery is SHOT. the top edges are all split from sun and exposure ( prior to me owning it), no back seat and no sunpad cushions. cabin cushions are intact and upholstery is good. through-hull exhaust and integral swim platform. Chris Craft also puts the HIN on the hull itself so you can run it with the platform removed. Includes Boatmaster aluminum double axle trailer, needs new brakes, tires good, 6 lug wheels. I'm open to offers and possible trades (work van?) ( big Blocks?). she needs some work but I also restore these and i know what a great boat she will be again, i just happen to own several Stingers and i need to let one or two go.

1988 Stinger 312 Fittipaldi Equipe. 34 foot bow to stern. Twin normally aspirated GEN V 502 HO's(Casting # 14096859) and Bravo Ones. I just had the port side Gimbal Ring replaced with OEM Mercruiser parts and installed by a Mercruiser certified shop, Dynamic Speed and Marine in the summer of 2014. Both outdrives have new trim sensors, exhaust boots, seals, drive oil, paint and graphic's. The out drives have not yet seen water since rebuild. I am rebuilding the Sea Pumps and addressing the Quadra jet Carburetors this spring 2016. Most likely Quadrajet Remanufactured Marine Carburetors. I have the Survey and Sea trial paperwork when I bought her in September

of 2013. The rear seat and the bolsters have been re-fitted. The mooring cover needs to be replaced but I'm working on that. She looks great and is sea worthy. 6 new tires and a new spare with bearing buddies.

Coming off an about to be finished resto mod by Van Leuven Motorsport Specialties is a truly proper Tahoe boat. This Chris Craft Stinger 260 is a 600+ horsepower 26' 4.5" foot true deep V hull featuring twin Mercruiser V8s and Mercruiser outdrives. It is setup and propped for Lake Tahoe elevation and will run at the speeds one would expect from a go fast boat. It can handle big water, big waves, big jumps and high speeds. This was the boat used for the original Miami Vice as well as countless race wins. It is the hand built and human designed hull of offshore legend. The cockpit and cabin interiors have been 100% redone and modernized. All non structure wood on the boat, including the swing deck has been replaced with new composite materials for weight and durability improvements. The cabin interior has been streamlined for weight savings yet still offers a sleeping/lounge area, entertainment, storage and overall comfort for family and friends. Engines are twin modified 383 small blocks. Triple axle trailer is included. Boat has a clear title and is water ready. Some small finish details are still going into this boat and it is being listed early to give qualified buyers a chance to secure it now in preparation for the 4th. Serious offers only please, the boat is worth all the money and then some. Don't be scared to offer an interesting but worthy trade.

I have owned this boat for over 10 years. All around very solid boat. ALL CLASS NO TRASH. Engines are 454 mercury magnums. 425 HP a piece, Roller Rockers. 750 double pumpers. All Mallory Ignition. Engines have less than 50 hours on rebuild. I have spent the night on this boat several times and always enjoyed it. It has a small bed up front and small couches on the port and stern sides. 3 alpine amps and some subs. System sounds decent. Interior is really nice. I never really played with the props but the 850 HP should get you well over 70 if you choose. It gps 68. I can tell you that women Love this boat. For those of you not familiar, this is the same boat used in the Mel Gibson Kurt Russell movie Tequila Sunrise and also the little sister to the boat used on Miami Vice the TV series. I really don't want to sell this boat. any questions please in box me and ill make sure and answer as fast as possible. Low reserve. Thanks

Beautiful offshore boat, one of a kind. Stingers were a bodat of it's time; and now there hard to come by. Atleast in good shape that is. I've owned this boat for going on 15 years now. No hurry to sell but am looking for something more family ready. As I am now going in a different direction. The boat is in mint shape, and by saying that I mean everything is original and not a rip in it. I no a lot of sellers say "it's in good shape" when it's really far from it. But this isn't one of those come see for your self. You won't be let down. The boat has 650 hours. On all ORIGINAL everything. Other then the minor stuff oil changes every year impellers, tune ups, ect. Come take a look at this classic beauty and get her on the water ready to go. SHES A HEAD TURNER.

I am reluctantly selling my 1987 Chris Craft Stinger three person 20' speedboat to focus on some other boat projects. It is powered by a great running 4.3 V6/OMC outdrive and will do close to 50MPH with three people and full tank of fuel. It is super stable at speed and it is a real blast to drive. The boat is in real nice shape for the age and these boats are becoming really hard to find in good shape and I believe they will be a collectors item very soon and the values will start to rise rapidly. I don't need to sell it but I will if someone makes a reasonable offer close to my asking price. I will not respond to lowball offers so please do not waste your time. I am pretty busy and I just do not have time for nonsense. This is a great little boat and you can use it for a few years and sell it for what you paid for it, if not more. I have a title for the boat in hand. Trailer is included but I do not have a title for the trailer.
