

CHRIS-CRAFT STINGERS

Welcome to the November, 2013 Newsletter!

To my surprise, I keep finding new Stingers to add to the website - one in particular is notable. In 1988 a movie titled 'Tequila Sunrise' was released. The movie starred Mel Gibson, Kurt Russell and Michelle Pfeiffer. The movie also prominently featured either a 1987 or 1988 Stinger 312 Fittipaldi Equipe. This past month, a listing for just such a boat came up - and the owner claimed it had been used in the movie. While I can't verify it was used in the movie, this boat is the correct model and year. To see pictures of the boat, follow the link: <http://www.chriscraftstingers.com/gallerypage.php?gallerydir=Size%20Matters>.

In addition to the Stinger mentioned above, more Stingers were added to the registry bringing the total to 639. The website has been around long enough now to see certain boats bought and sold multiple times. I update the info in the registry each time one of these boats show up. While there might not be a lot of new boats being added to the website, there are still updates occurring on a good number of boats.

Until next month,
Han.

375 vs 385

In the late 1980's, Chris-Craft started rolling out new Stinger models. These new models were completely redesigned from the older models they were replacing. While the older models had squared-off corners, and straight lines, the newer models were more rounded with flowing lines. The new design style has been referred to as "European" styling and produced boats with a more modern look.

The newer models started replacing the older models in 1987. It started with the Stinger 415 replacing the Stinger 390. Then, in 1988 the Stinger 375 was introduced and the Stinger 312 discontinued. In 1989, Chris-Craft brought out the Stinger 385 while the Stinger 375 was no longer listed in the brochures.

The Stinger 385 has always been interesting in that there are no noticeable differences between it and the 375. In fact, the brochures show that the 375 and 385 have the same dimensions. The brochures do show that there was a difference in weight between the two, but the difference could be explained by the different engine choices.

So, are the 375 and 385 the same boat? I believe they are - and it came down to an analysis of hull numbers.

After 1985, at the beginning of each

model year, the hull number in the HIN would be reset to 100. For example, the first model year 1988 260 would have a number of 100. This is consistent across all of the Stingers - except the 375/385s. The hull number sequences for these models were not reset. The last 1988 375 in the registry has a hull number of 126. And the hull number for the first 1989 385 in the registry is 134 (the registry does not include hull numbers for all boats, thus the gap). So, instead of resetting to 100, the first 385 continues the hull number sequence from the last of the 375s built. In addition, the 375s and 385s share the same model codes, specifically FB in their HINs. These two facts indicate to me that the only difference between the 375s and 385s were their model names.

Why did Chris-Craft change the model name on the 375 to 385? Chris-Craft had changed model names for marketing purposes in the past. The Stinger 230 was basically a re-badged Scorpion 230 and only showed up in the brochures for one year - 1984. In addition, in December 1988 Chris-Craft had filed for bankruptcy. Perhaps changing the model name was a desperate attempt to drum up sales for a "new" model? Whatever the reason, it seems the 375/385s are different in model name only.

1987 Chris Craft Stinger 42ft. Mercruiser twin 496 engines, Myco trailer, deck awning, head, 3 batteries and fiberglass hull. We purchased the boat as a hull then totally restored it about 10 years ago. About 6 years ago we installed two new 496 magnum merc cruiser engines with currently about 200 miles. We rewired the entire boat about 3 years ago. This season we replaced the manifolds So the boat has been maintained and is in good working order I would characterize the finishes of the boat as "worn around the edges" but as hinges and snaps corrode we replace them The boat has a working head & shower Galley/ microwave/ref/sink TV stereo/cd/sat system/ ipod dock deck compass GPS

Model: 1988 202
Location: Rochester, NY
Asking Price: \$8,000

I have a super rare 88' chris craft stinger 202 for sale. It has 165 hours on the hull. This boat is like brand new. I literally just finished it. This is the coolest fiberglass speed boat that Chris Craft ever made and was made for the Miami Vice tv series. They were built in very limited quantities and there are only a handful of these left. There is a website dedicated to them, I know of no other boats that have a cult following. I built this one to be better than it was originally. It is an attention grabber. I get compliments on it wherever I am and have had numerous offers on it even before I restored it. I'm selling it because I'm getting married and need the money. I just put well over \$7500 into it this summer alone and have well over 12K into it total. I had planned on using it but sadly it needs to go. Weddings are insanely expensive and I'm finding out the hard way. I replaced the motor and outdrive. It has an OMC 4.3L v-6 and an OMC cobra outdrive. Next, I gutted the boat completely and installed new marine ply, fiberglass, carpet, custom built seats and engine cover and had everything professionally upholstered. I installed a new GT steering wheel, a Sony marine cd/mp3/satellite radio which sounds awesome, a new bilge pump, new fuel lines, new aluminum swivel/slider/adjustable height seat posts and new Tracker style folding seats. The interior work cost over \$4K alone but was well worth it. It came out awesome. I had a 4bbl. Rochester carb installed which brings the HP up to 205 and will do over 60MPH. I had the pin striping re-done on the boat and matching Shorelandr trailer. I replaced the tires, lights, and started to strip and repaint the entire trailer. It also has a new deep cycle battery. There are 2 swim platforms molded into the stern that have teak foot boards and they were also refinished and look great. I also just purchased a new trailerable cover for it. I even just filled the tank with ethanol free 93 octane fuel. I'm probably forgetting a lot. If you're interested you must include the words eighty-eight chris craft to get a response due to spammers. I know it's the wrong time of the year to sell a boat and I could get more for it this spring which is why I priced it where it is. It is well worth the money. Chris craft builds the very best boats around and this one is better than new.

The interior is pretty decent with most of it having been redone the interior cabin needs finished. Comes with a 10,000 lb Fiber steel lift. I have owned this boat since 1997 and used it a lot. It is far from perfect but is in ready to use condition. \$11,500 or may trade for muscle car, UTV, diesel truck.

Hello, selling my Chris Craft Stinger 260 power boat. Has a large cabin, sink, kicker stereo system with a sub, 2 amps (2) 6x9's and (6) 6.5' speakers. Has color changing LED lights inside and outside of boat with remote control. Custom swim deck, cabin lighting, tilt trim works good, has alpha 1 outdrives one of which was recently rebuilt. twin mercruiser 383 stroker motors with voodoo cams, edelbrock performer rpm intakes, edelbrock 750 4 barrel carbs, aftermarket exhaust manifolds with captains call exhaust, port power with onboard charging system, interior is in great shape especially for it's age, custom exterior paint, road runner triple axle easy load trailer with surge brakes, new bearings, and one new axle. The sound system sounds great and has ipod or cd capabilities. this thing will run 78mph and gets there with a quickness. It has a nice lobey cam sound to it and sounds like a dragster when throttling it. It has Mirage quicksilver stainless steel props and engines were both recently rebuilt. Registered until 2014, clean and clear title in hand. This boat is not perfect and is not bad either. Great party boat if you're into that sort of thing lol. I would be willing to trade for a nice mini excavator with trailer or a nice utv sxs with trailer. Something like a polaris rzz, wildcat or similar with a sport type platform. I might consider other trades or do some trading with cash on your end also. Boat has been winterized but i will start the motors up gladly if you would like to hear them run and see the props spin in forward and reverse. It also has a snap on towable cover and comes with life jackets, two extinguishers, whistle, tow ropes, bumper fenders, and two anchors. These boats are hard to find for this price with these options but since the season is over i have lowered the price accordingly. The only thing wrong with this boat that i can think of is the clear coat on top is chipped in a few spots and the hatch for the cabin has plexy glass instead of glass window and whoever replaced it wasn't very good with a caulking gun haha. Doesn't leak or anything and doesn't look that bad so i never messed with it.
